

Hey! 8th Graders!

Want to go to camp? Want to have fun while learning to become a better leader? Youth Power Energy Camp is for you. Energy Camp is highly recommended by anyone who has attended.

"I loved meeting new people from all over Oklahoma that I never would have met without attending this camp." — Allison Ragsdale, Energy Camper from Tuttle.

YouthPower ENERGY CAMP. A four-day action-packed adventure for current eighth-graders, Energy Camp helps develop leadership skills and promotes teamwork while teaching about cooperative principles, rural electrification and electrical safety. Each year, CVEC will sponsor one pair of partnered students to the camp, which will be held May 28th - 31st at Canyon Camp, near Hinton, OK.

While Energy Camp offers many traditional summer camp activities like swimming, hiking, basketball, and a ropes course, teens also have the unique opportunity to climb a utility pole like a lineman, ride in the basket of a bucket truck, and watch a co-op crew at work. They'll take home a new-found confidence and a host of new friends—like minded peers from all over Oklahoma.

Procedure and eligibility. Students currently enrolled in eighth grade qualify. Two students must partner and complete the entry together. Each student must complete an application individually and list their entry partner.

DEADLINE: Friday, April 5th, 2024 Midnight

Youth Power Energy Camp is May 28 - 31, 2024
